INTRODUCTION

Good afternoon, I am INTERVIEWER'S NAME. I am working as an interviewer for the INSTITUTE'S NAME. I'd like to take about 30-40 minutes of your time to interview you for a very important international study. The aim of the study is to develop standardized questionnaire on alcohol to be later applied across Europe. Currently 10 European countries participate in the project, which is co-financed by European Commission. SENTENCE DELETED We would greatly appreciate your participation and advice.

Your participation in the study is voluntary and your anonymity is entirely guaranteed. Your name or any other information that identify you as a person will not be recorded or associated in any way with your responses.
